Dear Mr. Werstein:

In reply to your letter of 4 September 1959 it is regretted that CIA does not have any unclassified OSS files. The OSS files are held in several parts of the Federal Government, including the National Archives. Our files pertain to matters which if made public would reveal intelligence methods and sources that would do injury to national security and which, by Federal statute, the Director may not reveal.

There is in New York City an OSS Veterans' association which may be of some help to you.

We wish to thank you for having checked with us.

Sincerely,

Stanley J. Grogan
Assistant to the Director
